

# Preliminary Assessment Report

## Project 3029414, 5242 CALIFORNIA AVE SW

---

**Assessment Completed:** 9/22/2017

**Project Description:** LOT BOUNDARY ADJUSTMENT BETWEEN TWO PLATTED LOTS; ALL EXISTING STRUCTURES ARE TO BE LEGALLY REMOVED UNDER SEPARATE PERMIT.

**Primary Applicant:** [Andy Mcandrews](#)

This report lists the results of a preliminary assessment of your project requirements by various city departments. It's based on the project characteristics described on your site plan and preliminary application form. If your project required a pre-application site visit (PASV), the results of that site visit are also included. The goal of this report is to help you create a complete submittal package and reduce the need for corrections once your application has been submitted.

### Next Steps

1. Review the requirements in this report and contact the staff members listed below with questions.
2. If a street improvement plan is required, develop and submit it to the Seattle Department of Transportation (SDOT). **The Seattle Department of Construction and Inspections (SDCI) will not accept your permit application until your street improvement plan is approved as 60% complete by SDOT. See [SDOT Client Assistance Memo 2213](#) for guidance about the 60% complete approval process.**
3. Schedule an appointment for permit application intake with SDCI. **Please bring a copy of this report to your intake appointment.**

### Questions About This Report

If you have questions about the information in this report, contact the appropriate city staff member for each section.

#### SDCI Drainage Requirements

Matthew Bateman, (206) 615-1229, [Matthew.Bateman@Seattle.gov](mailto:Matthew.Bateman@Seattle.gov)

#### SDCI Land Use Requirements

Onum Abbey Esonu, (206) 233-7196, [Onum.Esonu@Seattle.Gov](mailto:Onum.Esonu@Seattle.Gov)

#### Seattle City Light Requirements

Ray Ramos, (206) 615-1193, [ray.ramos@seattle.gov](mailto:ray.ramos@seattle.gov)

#### Seattle Department of Transportation Requirements

Rachel Huck, (206) 386-1108, [Rachel.Huck@seattle.gov](mailto:Rachel.Huck@seattle.gov)

#### Seattle Public Utilities Requirements

Steve Resnick, (206) 233-7234, [ResnicS@seattle.gov](mailto:ResnicS@seattle.gov)

#### Water Availability

SPU Staff, (206) 684-3333, [SPUWaterAvailability@Seattle.Gov](mailto:SPUWaterAvailability@Seattle.Gov)

### Other Resources

- General questions about the permit process: Contact the SDCI Applicant Services Center (ASC) at 206-684-8850.
- User-friendly guides to city permitting processes: [SDCI](#) and [SDOT](#).
- [Detailed zoning information](#).
- Visit our [permit type pages](#) for step-by-step instructions and forms for preparing your application and plans for review.

## Requirements

### **SDCI Drainage Requirements**

The following requirements are based on the current stormwater and side sewer codes.

**\*\*The new 2016 Stormwater Code becomes effective on January 1, 2016. Projects with an accepted application (successful SDCI permit intake) date after December 31, 2015 will be reviewed under the new code. The drainage requirements indicated below are based on the 2016 Stormwater Code. If your project will be submitted prior to January 1, 2016, please contact the SDCI Drainage Reviewer to determine drainage requirements.\*\***

#### **Existing Public Drainage Infrastructure**

Sanitary sewer main location: **California Ave SW**

Sanitary sewer main size: **8"**

Storm drainage main location: **SW Brandon St**

Storm drainage main size: **12"**

#### **Drainage**

Extension of Public Storm System Required: **Yes**

An extension of the public storm drain is required across the full frontage of the property (SMC 22.800.080.I).  
(Extend from SW Brandon St in California Ave SW)

**Unless an adjustment per subsection 22.800.040.B or an exception per subsection 22.800.040.C is approved by the Director, an owner or occupant who is required, or who wishes, to connect to a public drainage system shall be required to extend the public drainage system if a public drainage system is not accessible within an abutting public area across the full frontage of the property.**

This main extension may be eligible to enter into a Latecomer Agreement. Latecomer agreements allow a property owner who has installed water or sewer utility system improvements to recover a portion of the costs of those improvements from other property owners who later connect to the improvements. For more information, please visit our website at [http://www.seattle.gov/util/Engineering/Consulting\\_Resources/LatecomerAgreements/index.htm](http://www.seattle.gov/util/Engineering/Consulting_Resources/LatecomerAgreements/index.htm) or call SPU's Development Services Office at 206-684-3333.

The storm drainage point of discharge (SMC 22.805.020) is located at: **Public storm drain system**  
(Extended from SW Brandon St in California Ave SW)

#### **Wastewater**

The wastewater point of discharge (SMC 21.16.070.B) is located at **Public Sanitary Sewer**.

#### **Permanent and Temporary Dewatering**

The footing drain (if part of building plan) point of discharge ([DPD DR 4-2011](#)) is located at the following: **Public storm drain system**. (Extended from SW Brandon St in California Ave SW)

#### **Side Sewer**

##### **Other side sewer issues:**

Easements may be required for existing sanitary and storm drain side sewers.

## **Other Requirements**

- Easements may be required for existing sanitary and storm drain side sewers. If the existing side sewers cross the proposed lot lines, show easements to encompass the portions of the side sewer that will be used by one lot, but will cross the other lot. Note: Since this is a commercial zone, the lots will not be permitted to share sanitary or storm side sewers.

## **SDCI Land Use Code Requirements**

### **Street Requirements**

Based on the scope of the proposed project, the following street improvements are required per Chapter 23.53 of the Seattle Municipal Code. Please review Right-of-Way Improvements Manual for design criteria (<http://www.seattle.gov/transportation/rowmanual/manual/>). Show required street improvements on your "enhanced site plan" at SDCI permit application intake. If an SDOT Street Improvement Plan (SIP) is required, please list SDOT project number and SDOT contact name on the enhanced site plan. Street Improvement Plans must be accepted by SDOT prior to SDCI permit application intake.

#### **CALIFORNIA AVE SW**

Based on the documents provided, no street improvements are required per SMC 23.53.015 and SMC 23.53.006

New structures must be designed to accommodate right-of-way improvements. To ensure that driveways and pedestrian access points are designed to match these future street improvements, please use the Building Grade Calculator, which can be found at <http://www.seattle.gov/transportation/gradesheetintro.htm>

Street trees shall be provided in the planting strip according to Seattle Department of Transportation Tree Planting Standards. Contact SDOT Urban Forestry (for residential projects: (206) 684-TREE; for all others: (206) 684-5693), to determine species of tree and standards of planting. Please add a note to the site plan showing size, location and species of tree to be planted.

<http://www.seattle.gov/transportation/treeplanting.htm>.

Existing curbscuts that will no longer be used are required to be removed, and the curblin installed, per SDOT standards.

### **Land Use**

Alley access may be required

### **Other Requirements**

Based on the preliminary application materials, DPD recommends that the applicant visit the Applicant Services Center to receive coaching on the proposed project.

## **Seattle City Light Requirements**

### **Street/Alley Requirements**

#### **ALLEY EAST OF SITE**

Other requirements: There are overhead high voltage lines along the alley which may impact future development. Both permanent and working clearances are required from this power line. Fourteen (14) feet radial clearance is required between power lines and any part of the permanent structure per Seattle City Light Construction Standard D2-3, (<http://www.seattle.gov/light/engstd/docs2/d2-3.pdf>).

### **Easements**

No power easement is required. As proposed City Light does not require an easement for the LBA at this time.

### **Notes to Applicant**

For future property development, please contact the Electrical Service Representative for your area several months before new service is required to determine your electric service design, service location and what kind of service is available at the building site. The design of the distribution system to serve the site shall be within the sole discretion of City Light. An Application for Electrical Service must be submitted to Seattle City Light. Your Electrical Service Representative is: Mike Gabrielson, 206-727-3591, [michael.gabrielson@seattle.gov](mailto:michael.gabrielson@seattle.gov). Be advised that it is the applicant's responsibility to seek guidance from SCL. Failure to contact City Light in advance to plan utilities for the development site(s) may result in significant delays for review and costly service connections.

## **SDOT Requirements**

The City of Seattle's Right-of-Way Improvements Manual (ROWIM) and SDOT's Street & Sidewalk Pavement Opening and Restoration (PORR) Director's Rule 2004-02 may be accessed from SDOT's Street Use website at: [http://www.seattle.gov/transportation/stuse\\_docs.htm](http://www.seattle.gov/transportation/stuse_docs.htm). Whenever possible, specific reference notation for these two design documents is noted next to the design characteristics below. Be advised that these specific section and chapter references are provided as preliminary guidance only and are not comprehensive in scope.

### **SDOT Permitting Information**

Initial Review Deposit: \$2,500

SDOT Plan Requirements: Engineered plan

SDOT Permit Requirements: Group 3: Street Use Major (Type 45). A 60% complete street improvement plan (SIP) must be approved by SDOT prior to your DPD construction intake appointment. SIP Design Guidance is required for 60% complete SIP approval; apply early. Please visit SDOT's Street Use website at: [http://www.seattle.gov/transportation/stuse\\_sip.htm](http://www.seattle.gov/transportation/stuse_sip.htm) to obtain SDOT Client Assistance Memos (CAMs) and application materials to assist in developing your street improvement plan (SIP).

### **Existing conditions review**

Consider pedestrian and bicycle accessibility and safety enhancements along the existing [Safe Routes to School](#) walking route.

### **Street Improvement Requirements** **CALIFORNIA AVE SW**

SDOT Urban Forestry requires protection and retention of existing trees in the right-of-way unless specifically exempted. Refer to the Right-of-Way Improvements Manual (ROWIM) 4.14.

Street trees are required. SDOT Urban Forestry recommends providing street trees in a 5'-wide (minimum) planting strip, located between the sidewalk and the curb. If existing conditions preclude the preferred location, street trees can be accommodated adjacent to the right-of-way on private property. Per SMC 15.43.040, private property owners are responsible for the planting and maintenance of street trees in accordance with Standard Plan 100 and SDOT's Street Tree Manual. Refer to the Right-of-Way Improvements Manual (ROWIM) 4.14 for design criteria.

Other requirements: SIP required for mainline extension.

Reinstall curb and planting strip at existing, unutilized driveway. See Seattle Right of Way Improvements Manual (ROWIM) and the City of Seattle Standard Plan 410.

### **Alley Requirements** **ALLEY EAST OF SITE**

Provide all vehicle access to the site via the alley.

Provide trash collection via the alley. Coordinate with SPU.

## **SPU Requirements**

### **Water Availability**

Your water availability assessment has been approved.

For all multifamily, commercial, and industrial properties, the requirements for solid waste storage and pickup are outlined in SPU CAM 1301, available on the web at:

[http://www.seattle.gov/util/stellent/groups/public/@spu/@csb/documents/webcontent/cos\\_004542.pdf](http://www.seattle.gov/util/stellent/groups/public/@spu/@csb/documents/webcontent/cos_004542.pdf). For questions about solid waste requirements, contact Liz Kain, (206) 684-4166, [Liz.Kain@seattle.gov](mailto:Liz.Kain@seattle.gov).

### **Other Requirements**

## **Other Requirements**

Owners of residential property occupied by a tenant who will be displaced by housing demolition, substantial rehabilitation, change of use, or removal of use restrictions may need to obtain a Tenant Relocation License. Refer to SDCI Tip 123, Seattle's Tenant Relocation Assistance Ordinance, for further information and instructions or call (206) 684-7979.

If your project involves additions or modification to or demolition of an existing building that contains four or more dwelling units or 4,000 square feet or more of non-residential area, and the building is a designated historic landmark or is 50 years old and meets the criteria set forth in SMC 25.12 for landmark designation, SEPA is required. Please contact the Department of Neighborhoods at (206) 684-0228 or [www.seattle.gov/neighborhoods/preservation](http://www.seattle.gov/neighborhoods/preservation) to determine if your building is a designated landmark or if a referral is necessary to determine if the building meets the criteria in SMC 25.12. Refer to Tip 208 for information regarding the application requirements for a SEPA review and Tip 3000 for information regarding landmarks and historic preservation.

If the scope of your proposed project changes before your SDCI intake appointment or SDOT street improvement plan application, the requirements in this report may change. If there are municipal code and ordinance changes before our SDCI intake appointment, the project must meet the new code requirements. Additional street improvement requirements may be triggered if a permit application for a development project on adjacent property is also undergoing review.

Please be aware that all persons or companies working within the City limits, including all contractors, subcontractors, permit expeditors and other service providers are required to possess a valid City of Seattle business license. This license is required in addition to any other licenses required by the State of Washington, such as a contractors' license or state business license. For more information about City of Seattle business licenses, please contact inspector Michale Crooks at 206-684-8871, [Michale.Crooks@seattle.gov](mailto:Michale.Crooks@seattle.gov), or visit the [Licensing and Tax Administration Division website](#).
